Name of Activity: A Report on Celebration of World Environment Day
Day & Date: Monday, 5th June, 2023

The world environment day is celebrated every year on 5th June to raise global awareness to take positive environmental action to protect nature and the planet earth. It is a day that reminds everyone on the planet to get involved in environment friendly activities. People come together to pledge towards building a greener planet. Keeping this aim in view, NSS Unit of Dr.J.J.Magdum college of Engg. celebrated World Environment Day on 5th of June 2023. Students of various branches from department participated and celebrated world environmental day enthusiastically. They were asked to plant a sapling to create a green corner. A lot of enthusiasm was seen in the students. The event was conducted successfully with whole hearted participation and awareness about plants.

The aim behind organizing this program was to give awareness to people, students about keeping the environment clean and safe from pollution. For this purpose, plant more trees to purify the air and make the earth green.

On the occasion of World Environment Day, NSS unit organized various competitions like..

NOTICE

As the festive season approaches, we, NSS Unit are excited to invite you to join us in celebrating an eco-friendly Ganesh Festival this year i.e.2023. We believe in fostering a sense of responsibility towards our environment, and what better way to do so than by embracing sustainability during our celebrations.

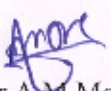

So all students, NSS volunteers, teaching and Non-teaching staff are requested to celebrate Eco-friendly Ganesh Festival.

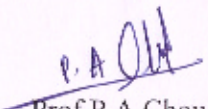

Here are a few ways you can make a positive impact:

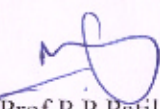

1. **Eco-Friendly Ganesh Idols:** Opt for clay or eco-friendly Ganesh idols that do not harm the environment. Traditional clay idols dissolve in water without causing pollution, ensuring a green celebration.
2. **Natural Decorations:** Choose natural and biodegradable decorations for your pandals and surroundings. Embrace the beauty of flowers, leaves, and eco-friendly materials that won't harm the environment.
3. **Avoid Single-Use Plastics:** Say no to single-use plastics when it comes to decorations, prasad packaging, and other festival-related items. Opt for sustainable alternatives like cloth bags or paper-based products.
4. **Water Conservation:** During the immersion ceremony, be mindful of water usage. Consider using artificial ponds or tanks for immersion, and avoid immersing idols in natural water bodies to protect aquatic life.
5. **Organize Eco-Friendly Activities:** Plan and participate in eco-friendly activities such as tree planting, clean-up drives, or workshops on sustainable living. Let's make this festival a time to give back to the environment.
6. **Spread Awareness:** Share information about the importance of eco-friendly celebrations with your friends and family. Encourage everyone to adopt sustainable practices during festivals.

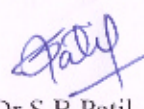

To kick start our eco-friendly Ganesh Festival. We invite all of you to join us in making a positive impact on the environment and fostering a sense of responsibility towards Mother Earth.

Let's come together as a community to celebrate Ganesh Festival in a way that not only honors our traditions but also respects and preserves the beauty of our planet.

Name of Activity: Ecofriendly Ganesh Festival 2023

Day & Date: Monday, 23rd September, 2023

NSS unit of Dr.J.J.Magdum college of Engineering, Jaysingpur conducted Eco-Friendly Ganesha Environment Protection Awareness 19th to 28th September, 2023 on the occasion of Ganesh Festival -2023.

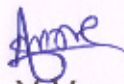

The Volunteers of NSS unit were guided by the NSS Program officer Prof. P.A.Chougule and other faculty coordinators Dr.A.M.More & Prof. V.A.Patil. With this motive all the volunteers of NSS unit spread across our college campus and neighborhood areas on the ill-effects of using Plaster of Paris Ganesha idols and those painted with artificial colours. Students went around the residential areas of Campus carrying placards and raising slogans to protect environment and use of eco-friendly Ganesha idols.

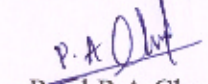

NSS Unit appeal to all to use following steps should be taken for celebration of Eco-friendly Ganesh Festival

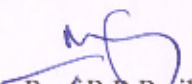

1. Use energy-saving lights
2. Reduce the number of pandals
3. Use Eco-friendly decoration
4. Use Eco-friendly Ganapati idols
5. Ban on use plastic items during Ganesh Festival
6. Minimize noisy activities
7. Use Artificial tanks for submerging of idols of Ganesh
8. Use Reuse, reduce, recycle – 3R approaches for management of Solid waste
9. Decomposing organic materials
10. Using Rangoli instead of paints
11. Don't use firecrackers

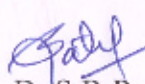

Everybody know impacts of submerging Ganesh Idols in river, lake and sea. That's why we NSS Volunteers appeal to the citizens of Jaysingpur city to submerge their Gansesh Idols in artificial pond(Kund) as well as donate the Ganesh Idol without submerging in water.

Some NSS volunteers of our college appeal to Jaysingpur people to immersed the Ganesh Idol in to artificial Pond otherwise donate it, to avoid river, lake and marine pollution. Near about 25 Idols were immersed in artificial pond and 50 Idols were donate by people on Anant Chaturthi day (23rd September, 2023).In this activity near about 15 NSS volunteers were participated. Also peoples of Jaysingpur city gave good response for this activity.

AWARENESS RALLY:

NSS Volunteers arranged a rally on the streets of the Jambhali village to create awareness among the villagers about the ensuing special camp programme in their village for a period of one week. So volunteers of NSS organized a rally on various topics such as Plastic Free Village, Mazi Vasundhara Abhiyan, Azadi Ka Amrit Mahotsav Abhiyan, Swatch Bharat Abhiyan, Plastic Free Abhiyan, Superstition Eradication, Health, De-addiction, Tree Planting and Forest Conservation etc.. The rally started from Jambhali Grampanchyat Building and ended at Jambhali High school, Jambhali

As a part of various activities conducted during the camp a Social Awareness Rallies were organized everyday on the various themes like, constitutional duties and rights, Clean India Movement, Female Foeticide, Beti Bachao-Beti Padhao Campaign, Digital India and De-addiction to deliver the social messages of cleanliness and healthy life among the villagers.

The volunteers gave demonstrations and slogans highlighting the above thoughts during the rally. They also presented street plays throwing light on the above crucial issues such as Hagan Dari mukt village, de-addiction, superstitions, female foeticide etc. through their presentations on each day during the rallies.

The whole village was enthralled and hypnotized by the activities conducted during these rallies. Speaking in nut shell, sincere attempt was made to spread the social messages in every nook and corner of the village through the rallies conducted by the NSS volunteers.

The daily schedule was designed for the volunteers to inculcate discipline, punctuality,

time management and faith for virtuous things among them. Every day in the morning the students were taken for morning walk as a part of daily exercise. Then prayers were taken to freshen the minds of the students. NSS Volunteers conducted Physical exercise.

Feedbacks were taken from the students about their queries, problems, mistakes committed during the schedule at night after dinner.

Speech of Mr.A.S.Patil sir on Modern Agriculture on 8th January, 2024

First day speech was given by Mr. A.S. Patil, Chief Chemist, Shri Datt Shetkari Sahkari Sakhar Kharkhana Ltd. Shirol .This lecture was held near Jambhali Grampanchyat, Jambhali. During his speech of Mr.A.S.Patil sir, said Agriculture is certainly one of the most significant activities of a country as it not only feeds millions of people but also contributes towards the overall growth of the GDP. Since agriculture already has a great influence on the economic development of a country, special efforts should be devoted towards its improvement. In fact, various beneficial schemes can be integrated with the agriculture-based activities for the growth of the farmers and proper guidance should be given to them on how to improve their ways of farming and learning innovative ways to better their skills.

In addition, important steps should be taken to overcome the incurred loss because of inadequate or heavy rainfall so that our farmers can lead a fulfilling life. Agriculture is not only one of the major activities of our country, but the most powerful one too. Its importance cannot be overlooked as it accounts for the high rate of GDP.

He also gave information about importance of organic manures and organic farming, drip irrigation system, new varieties of sugarcane, Cultivation of Sugarcane, various diseases, misuse of chemical fertilizers and pesticides etc. to the NSS volunteers and villagers of Jambhali.

Second Day:**Day & Date: - Tuesday, 9th January, 2024.****Cleaning Activity:**

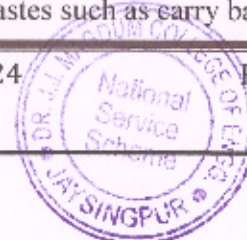

Objective of this program is to improve the general quality of life of village people by sensitizing them on maintaining cleanliness, hygiene and eliminating open defecation.

Under the "Swachh Bharat Abhiyan" Village Cleaning Activity conducted on Tuesday, 9th January, 2024, from 9.00 am to 01.00 pm. The activity was inaugurated by NSS Program Officer, Prof.P.A.Chougule. He shared few words about importance of cleanliness. When we know that Cleanliness is next to Godliness, so why are we still insensitive towards this issue? Unhygienic conditions can cause many serious health hazards including causing harm to the environment in the form of pollution. In filthy surroundings, germs spread all around, which we cannot see though our naked eyes and how fast these germs multiply we cannot possibly imagine. If pollution will increase in our environment – it will start breeding such diseases as asthma, cancer, chest congestion, lung infection thereby resulting in a person's death.

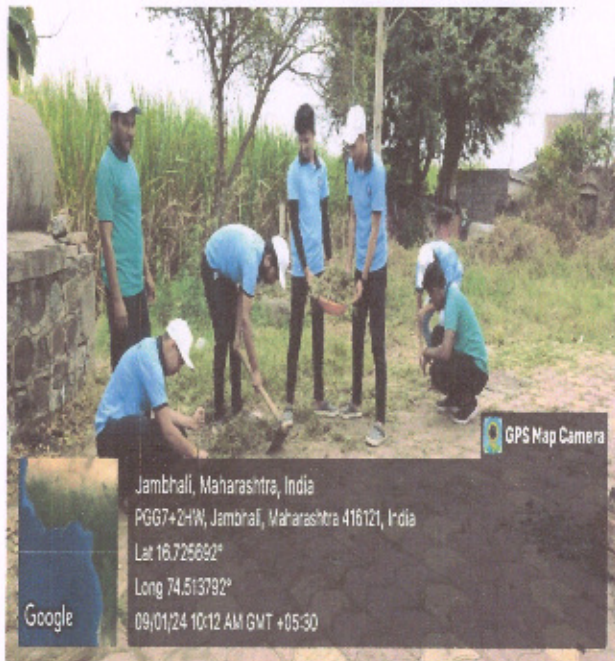

Cleaning Activity by NSS volunteers in Jambhali Village

In this cleaning camp, NSS Programme Officer, NSS Asst.Program Officer, 100 NSS Volunteers are actively participated, they cleaned the temple premises like main road of Jambhali village, S.T.Stand area, parking area and temple area. They have cleaned the main building area of Grampanchyat, Primary Health Centre, School playground etc. In addition, all volunteer were actively participated in gardening of medicinal plants. Different groups were made and each group members were allocated with a particular area for cleaning. Girl volunteers removed weed in the lawn and garden area. Boys volunteer cleaned the backside area of the institute. Some boys volunteers made circle around the trees so that maximum water can be retained by the tree. Three groups were asked to collect all the stones from the ground separately in different sacs. The renewable such as dry leaves, twigs, papers etc. and nonrenewable wastes such as carry bags, and

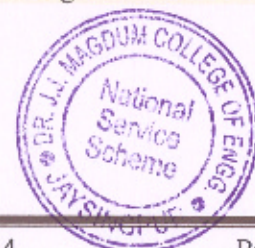

plastic items etc. were collected separately. The renewable waste was collected and burnt. At the end the NSS volunteers as well as the students were provided snacks.

Daily Shramdan Activity-The key-theme of the camp and during the camp every day a three hours session of Shramdan was being conducted by NSS volunteers. A day wise schedule was designed as per geographical location of the village for this activity.

During this session the lanes, drainage lines as per the decided schedule were dusted off as well as the drainages were properly cleaned by the volunteers. Similarly the dirt and filth were removed and burnt to ashes. It was continued up to the conclusion of the camp. The villagers and Grampanchyat members also provided equipment and tools for the same and they voluntarily participated in this activity every day. Inspired from the volunteers, the villagers began to keep clean their area. The volunteers also worked to persuade the minds of the villagers to avoid the use of open grounds and rivers as open toilets during this Shramdan

Guest Lecture-

- Day & Date: Tuesday , 9th January, 2024
- Group No: 02
- Resource Person- Mrs.Neelam Mangave
- Subject – “Mahila Sablikaran-Women Empowerment”.
- Welcome by: Ms.Samrtha Patil
- Vote of Thanks : Pruthviraj Patil

It was Tuesday, 9th January, 2024. The day was focused on the women empowerment, and the guest for the lecture was Mrs. Nilam Mangave ma'am. The topic she discussed with our volunteers was "Mahila Sablikaran", to strengthen the women in society.

Mrs. Nilam Mangave ma'am highlighted the ways how women can be safe in every situation, and encouraged our volunteers to fight against every types of abuses towards women. She gave examples of the great women warriors and encouraged female volunteers to fight ahead for the same. She focused on some of the past examples and their way to fight with the full strength. In this way with a new aspect to towards Women, and their empowerment.

She said earlier the role of women in society as decided by men was to run a household, getting married at a young age and the problems like dowry and tolerating many forms of abuses in married life was a given. Now, in India, women are stepping outside homes to work and earn a living to support themselves and their families, unlike in ancient times. So even the rules and way of functioning in modern times must shift.

Of course, this shift will not be overnight, any change is slow and gradual. The first step must be to acknowledge their contribution to the economic sphere and create more opportunities for them. Be it in any sector like corporate, IT, Edutech, culinary, law, banking, creative and performing arts.

When opportunities are created for women in terms of education and profession in their field of interests without any restrictions or limitations, it is empowering. This gives all the girls and women the power to choose and decide what uplifts their status in society. It is high time that the limitations of gender roles are challenged and norms are broken. We concluded the second day of our Seven day's Special Campaign on 9th January, 2024.

The session ended with the vote of thanks from the same group. Mr. Pruthviraj Patil thanked everyone present over there from the bottom of heart for the presence.

Dr.A.M.More told that our students have taken this initiative to lighten up all about cleanliness and its significant aspects in our life. He explained the long-term vision of the college-village collaboration in view of making strong intervention required for the village betterment and development. It is one of the most important practices for a clean and healthy environment. Moreover, it is both public hygiene and personal hygiene. The term cleanliness implies the absence of dust, dirt, garbage or waste, foul smell, stains, etc. It is essential for us to learn about cleanliness, hygiene and sanitation and the various diseases that are caused due to poor maintenance of hygiene conditions.

Survey of Jambhali Village:

The NSS unit of Dr.J.J.Magdum college of Engineering, Jaysingpur organized a Socio Economic, Social survey camp, on 10th January, 2024 at Jambhali village. 80 Student volunteers were involved in this activity. The main motive of this survey camp is to collect data on availability of various infrastructure facilities like available facilities, no. of vehicles, education, health monitoring, cultural activities and facilities for disabled person in the selected villages. After the survey the NSS volunteers came to know about the Latest development in agriculture, water facility, waste management, waste land development, nutrition and personal hygiene. This helps the volunteers to increase their analytical ability and deepen their thinking and also help them to categorize the problems which have been left unnoticed.

Different Surveys by NSS Volunteers

During the survey the NSS volunteers came to know the availability of basic toilet facilities in the houses of the villagers. This was very helpful to know the count of villagers who were involved in open defecation. By this survey the volunteers came to know about waste disposal and drainage facilities available for the villagers. They gave them information about the diseases caused by open defecation. Villagers gave us a very good response. After that, we gathered all the villagers in one place and spoke about how to dispose the waste in a proper manner. The volunteers also came to know about their economic status and concluded that most of the villagers were poor to reconstruct their damaged toilets which were earlier allotted by the government, and few were still good.

Welcome & Introduction of Second Day Speaker(Dr.Dilip Patwardhan) by NSS Volunteers (Ms.Dipali Zite & Ms.Sanika Sankpal)

Speech of third day Speaker Dr.Dilip Patwardhan Sir

This day was the third day of our Seven day's Special Campaign at Mouje Jambhali. Under the guidance of group no. 3, volunteers started all the activities at Jambhali Grampanchayat Hall, and the day concluded with the great guidance of Dr.Dilip Patwardhan sir on the topic of "**Health is Wealth**".

In his speech Dr. Dilip Patwardhan sir said Health is the condition of the human body which is free from any injury or illness. But staying healthy is defined as staying mentally, physically and socially fit. Maintaining good health will ultimately lead to a happy mind which is more valuable than any precious gift in today's life. Having a healthy life must be a part of everyone's lifestyle. If one has a healthy and happy mind, then one will always stay motivated towards one's work and will be productive at work. It is essential for every individual to feel good about themselves, which will keep them happy. It is necessary to lead a healthy life to avoid any kind of chronic disease. To maintain a healthy life, a person can go running or take a morning walk, can exercise daily, and support healthy food habits. Therefore, it is essential to do what is suitable for your health and maintain good health from a very young age.

Visit /Cleaning activity in Oxygen Park at Jambhali: 11/01/2024

Oxygen parks is a concept where a two-layer layout is being used to plant trees. In Jambhali village an area of 13 acre is being used to plant 3000 oxygen releasing plants. Now before we go further, when we say oxygen releasing, we mean that these plants release oxygen for 24-hr period. Trees that are able to switch back and forth between the C3 and C4 cycle depending on the conditions around them.

The first layer contains Peepal (*Ficus religiosa*), Neem (*Azadirachta indica*), and Areca Palm (*Dyopsis lutescens*) trees. The second layer contains Aloe Vera, Tulsi (*Ocimum sanctum*), Snake plant (*Sansevieria trifasciata*), Ivy plant (*Hedera*) and Fig plants/trees (*Ficus*).

In combination, such scale of carefully picked plantation can provide natural "lungs" to the earth. The trees and plants once at a certain height require little to no care unless faced with prolonged drought or disease period. Under the supervision of government which has the necessary resources and will to take care of such initiatives. The oxygen parks can become a role model for many other villages in India.

What needs to understood here is that such large-scale parks can ensure that the citywide microclimate is regulated. And during rainy season, the rain-laden winds find appropriate conduit in trees to channel and spread the rainfall, evenly. The increased city habit of taking morning walks, jogs and runs can be now seen in a completely new light. Oxygen parks can become the centers of health related habit based activities. Simply because the offer cleaner and more oxygenated air.

If cities, villages and its citizens can ensure that such oxygen parks maybe even on smaller scales can be constituted. The whole concept of maximizing the value of our green spaces can turn into a reality. The city allocated parks and gardens can hold the diversity of flora for its purposes. While such oxygen parks can alleviate the oxygen, temperature and pollution levels, nicely.

Purification, cleaning and restoring balance via technology tends to create harmful by-products. Trees and plants have perfected this through evolution.

Oxygen parks and such concepts are like the hybrid green landscape technologies. They are of course green, extremely efficient and allow for a sustainable ecosystem to accumulate around them. Ultimately allowing us to economize on our energy use and actually live a healthier life in cleaner environments.

Due to the importance of this oxygen park, we decided to visit there. This oxygen park is about 8 kms from Jambhali village. All 100 NSS volunteers along with faculty members reached Oxygen Park at 10 am on foot. This oxygen park is spread over 13 acres. In this oxygen park, 3000 different plants including indigenous, exotic, rare, endangered and extinct have been planted.

NSS volunteers spread the rocks and earth on the ground which they called Parnkuti.

NSS volunteers spread the rocks and earth on the ground which they called Parnkuti.

When the corona disease occurred in 2019, all the small and noble groups of Jambhali village got together and planted trees in the monsoon season. Various government and non-government organizations were helping for that oxygen park. Now this oxygen park has completed 6 years.

After going to Oxygen Park, the main caretaker, Mr. Shubham Yadav gave detailed information about Oxygen Park to all the volunteers. After that, all the NSS volunteers spread the

to make a structure, how to take turns in a game, and how to solve problems. These skills are essential for students to learn, especially in the early grades. Getting your kids involved in these activities is a great way to build relationships and develop skills that will last a lifetime.

In the classroom, student skill development can be done in several different ways. It's important to consider how students learn, as each individual will need different guidance and support. However, there are a few skills that all students need to develop. These are emotional intelligence, complimenting others, brainstorming, drawing, emotional charades, showing them various motivational Speech videos and many more.

For that NSS Volunteers conducted various activities for School Students such as

Various games were conducted through NSS Volunteers to enhance the intellectual capacity of the children in this school. It covers Children Literacy Campaign, Elocution Competition, Basic Knowledge/ Computer Skills to Children through Hole-in-the Wall Program, and Children Awareness about Health, Hygiene, Sanitation, Environment Protection etc. through Animated/ Documentary Film Shows, Handwriting /Drawing Competition, bird and animal sounds, General knowledge Competition, quizzes and mathematical lessons. All groups undertook various activities for Shri. Appasaheb Urf Sa.Re.Patil Highschool students. In this, activities like finding the missing alphabet, making different objects from scrap paper etc. were implemented. On 13th January 5 groups performed a street play on various topics in the school premises.

Handwriting/Drawing Competition:

The NSS Unit conducted a Hand writing competition for school students at Jambhali village. The students of standard 5th to 8th standard were participated in the competition. Draft for writing was given in Marathi. Students were provided with the papers and were instructed about the rules of the competition. The handwriting latter were evaluated by their school teachers and our NSS volunteers and staff unanimously and the winners were declared. The prize distribution was conducted on 11th January at school.

NSS Volunteers showing Motivational Video of Mr.Nitin Bhanugade-Patil to School Students

There isn't a better way to keep the class interactive than to help students retain the essence of the lesson learned than an interactive quiz. NSS Volunteers conducted a quiz in advance or keep it impromptu. That it also helps improve teamwork is a big advantage.

Volunteers taught various subject like mathematics, languages and science to students of the school. Students also learnt some shortcut methods which are used in mathematics. To make teaching learning process effective we showcased motivational videos to all the students.

To get children to think through a certain topic, it will help to assign the topic to some children who speak for it, and others who speak against it. Not only will it improve understanding of the topic, but it will also be a great learning experience for students where they will be able to see two sides that normally exist for every complex issue. Needless to say that this is one learning that will stand the child in good stead not just academically but also in the context of life. NSS Volunteer take debates on various topics.

Various activities conducted for School Students

NSS volunteers conducted multiple activities at Appasaheb Alis Sa.Re.Patil High school and Primary School of Jambhali. The main intention was for creating awareness among the students with Social responsibilities of Citizens and different knowledge, gaining Skills like Internet Awareness. Volunteers conducted multiple competitions among students like Elocution, Painting and Drawing Competitions, etc.

School students showed great interest in these activities and it was a great opportunity for volunteers to understand the current situation in school.
